Use the strategies we've been talking about to figure out the meaning of your target word.

- Do you recognize any **word parts**?
- Have you **ever seen or heard** the word before?
- Can you figure out the meaning from the **context** of the picture and sentence on the back of the card?

Once you've made a prediction about the meaning of your target word, look it up in the **glossary** in your binder. Was your prediction correct?

Now that you know what your target word means, write a skit about it to help your classmates learn the word, too!

Write your skit script here and on the back of this page.
