

Should students be paid for doing well in school?

*What do you think? Using the t-chart that you created yesterday, talk with your group members about this topic. Then write your perspective on the topic by completing one sentence **from each pair**. Write four sentences in all and underline target words. Be prepared to present and defend your opinion!*

Pair 1:

Our school should (should not) give students **incentives** to do well in school because...

Our school should (should not) **implement** a plan to pay students for good grades because...

Pair 2:

If students are **compensated** for doing well in school...

Our school should (should not) **conform** to more **conventional** ways of motivating students, like...

Pair 3:

Students will (will not) show **initiative** if...

Students may become **demoralized** if...

Pair 4:

Although it takes a lot of **persistence** to study hard and achieve in school...

While students may **encounter** struggles in school, they will ultimately **prosper** if...
